Carroll County Needs your help!

Carroll County is conducting an income survey to determine our eligibility in applying for federal grants to construct a public wastewater system in Stony Lake and VoAsh.

Carroll County needs accurate and up-to-date information about the income of families being served by the proposed wastewater system to determine eligibility for certain grants that can be used for construction and assistance to eligible households for connection to the system. Your responses are crucial in determining eligibility for funding. We ask you to please complete the survey when contacted. Without your cooperation, this effort cannot succeed.

Not everyone will be required to complete a survey, and a randomized selection process is being completed by a third-party company called Great Lakes Community Action Partnership (GLCAP). GLCAP will tally the income survey results and coordinate with the Ohio Department of Development on funding eligibility. **Carroll County employees will come to your home to conduct the survey, during the month of October 2026. Our employees will have identification and county vehicles to verify their presence and authorization in conducting the survey.**

All information will be held strictly confidential by GLCAP.

Frequently Asked Questions and Answers

Q: How long will this take?
A: The survey will take only 5 minutes of your time.

Q: What is the purpose of the survey?
A: Carroll County needs accurate and up-to-date information about the income of families in the area to determine its eligibility to receive federal funding for a public wastewater system to serve the Stony Lake and VoAsh communities.

Q: Who should complete the survey?
A: One survey should be completed for each family in a housing unit ("family" means anyone related by blood, marriage, or adoption).

Q: How will the data be used?
A: The data will only be used to submit an application for grant funds from federal sources. The data from all families will be combined to produce a low-moderate income for the community.

Q: How can I be sure that my information will be kept confidential?
A: The data will only be shared with GLCAP. Your name and the information you provide will never be directly connected. We will keep all the data secure, and it will only be used in the application process. All data will be destroyed following the grant application period for which the data is being collected.

Q: Is an internet survey available?
A: YES! Please visit carrollcountyohiosewer.us, and complete the survey online. For any questions, please call Carroll County Environmental Services at **330-863-1515**.

Q: Can I do this by phone?
A: NO. Our staff will conduct door-to-door surveys and mailing if we are unable to catch you at home or online surveys were not completed.
